## EHS Assessment

Stewart 1

**WEDS 8/4**

**What:** EHS Assessment @ Stewart 1

**When:** Wednesday August 4th, All-day

### Hi Team,

- There will be an EHS assessment at Stewart this Wednesday. EHS has been granted access to our Sim City office area and will be setting up in my cubicle for the day (1311-1).
  - Tomorrow at 4pm, an engineer will be in Sim City to drop off some equipment.
- There will also be testing in Zaxxon, The Sims (1515) and Everquest (1408). I have already coordinated with the appropriate DRIs for these areas.
- Please put away all confidential materials in the Sim City office area and be mindful of discussions during the day.

Please contact [REDACTED] with any questions/concerns. Thank you!

## Facilities Work Stewart 1

### Hi Team,

Please see the attached map for a caulking project beginning at Stewart 1.

This project will start tomorrow at 3pm and continue for the next 4-5 Friday evenings.  
This will be in the hallway entering the Sim City office area as well as other areas marked on the map.

Please make sure there are no confidential items in the office area for the next few weeks on Fridays after 3pm. An update will be sent out when the work is complete.

Contact [REDACTED] with any questions/concerns. Thank you!

EHS Building Wide Walkthrough-Wednesday 8/11

To: msq-managers, Cc: David Powers

[Details](#)

Hi,

EHS will be conducting a building wide walk through this Wednesday **8/11** from **9am-12pm**. I apologize for the late notice; I have been asked to schedule this urgently for Wednesday.

I am working on creating the walkthrough schedule as I know we will be providing escorts for all lab spaces. I will loop in the appropriate lab DRIs- just wanted to make you all aware. Thanks!

Best,

I'm still trying to process how my entire life exploded after my original ask to [#Apple](#) was to stop (probably) poisoning me; for employee relations to make a few men be slightly less awful to me; & to at least pretend to earnestly investigate my concerns. But somehow here we are.

Replying to [@ashleygjovik](#)

I'm a current SWE at Apple. Would you mind clarifying the poisoning part?

Hi,

There will be two additional EHS walkthroughs at Stewart 1 this Wednesday and Thursday. I will be working with lab DRI's for the below spaces; let me know if there are any concerns.

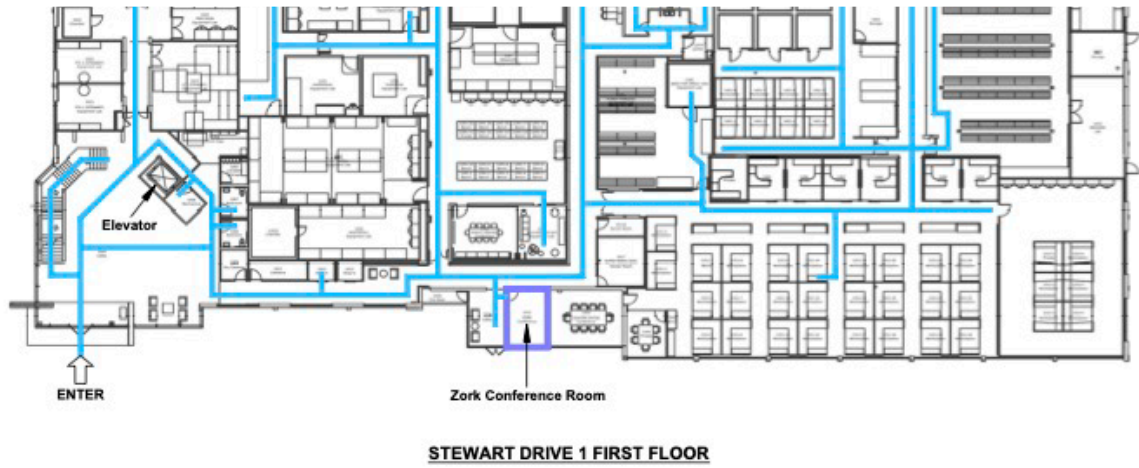

Thanks!
